Nie lubię pracować w nocy, ale dzisiaj miałam jeszcze dużo spraw do załatwienia.

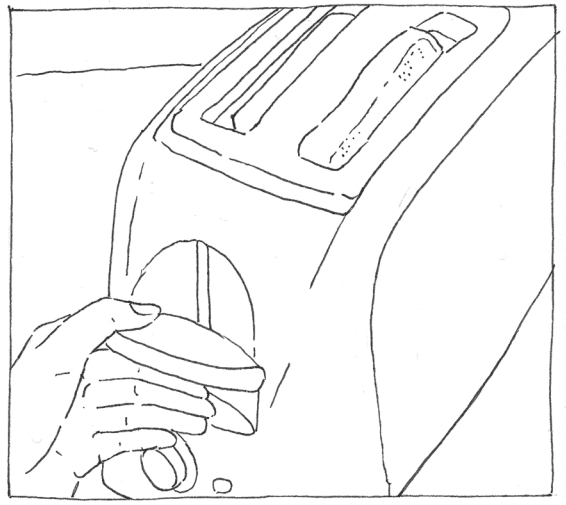

O godzinie 22 postanowiłam jednak zrobić sobie przerwę na tosta.

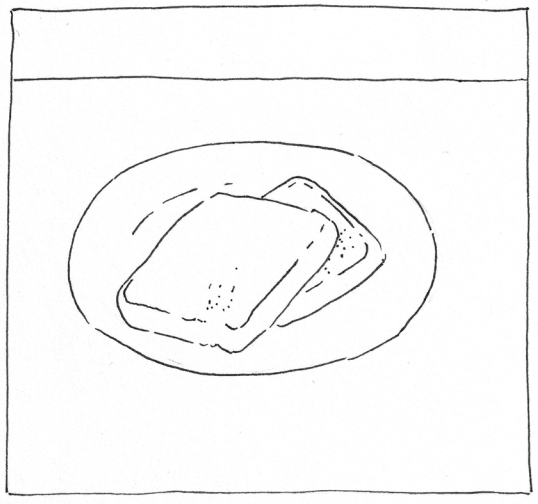

Uważam tosty za najlepszą nocną przekąskę.

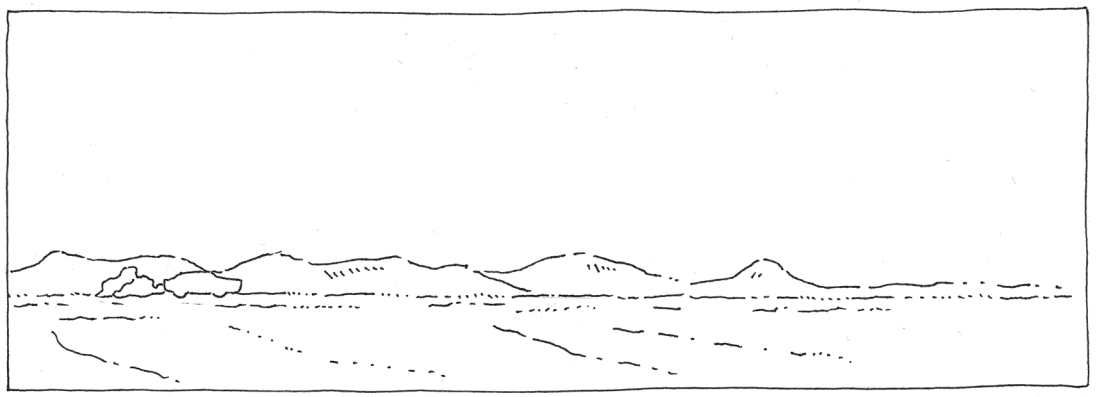

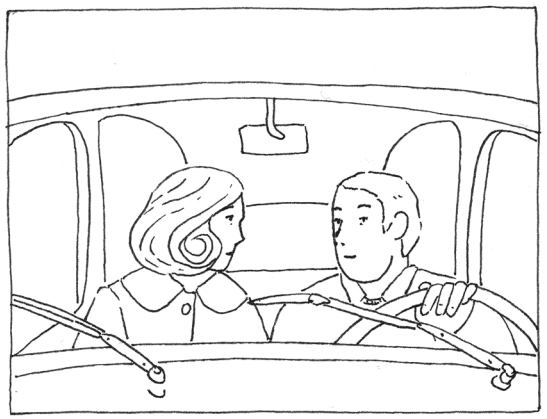

W trakcie jedzenia przypomniałam sobie o dziwnym przypadku, który przytrafił się kiedyś pewnemu małżeństwu – Barny'emu i Betty Hill.

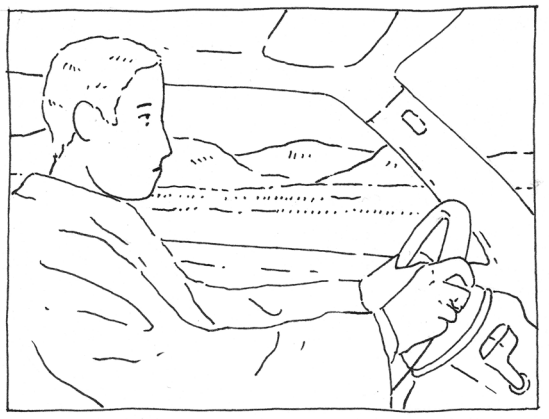

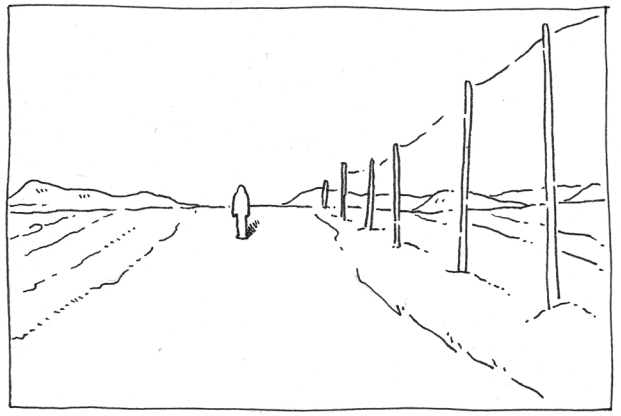

Pewnego razu wracali z wyjazdu.

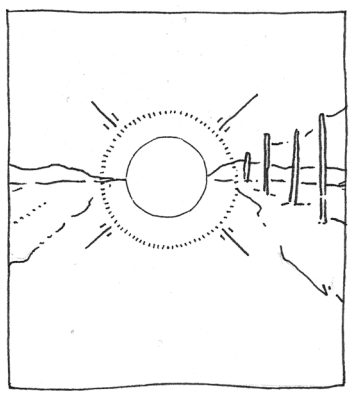

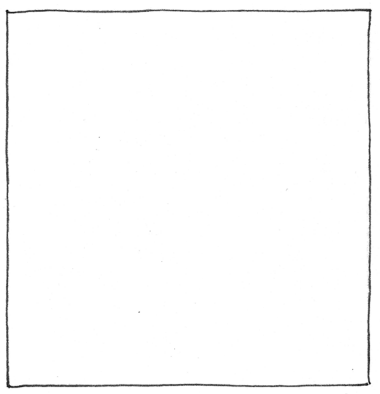

Planowali dotrzeć do domu około godziny 22.

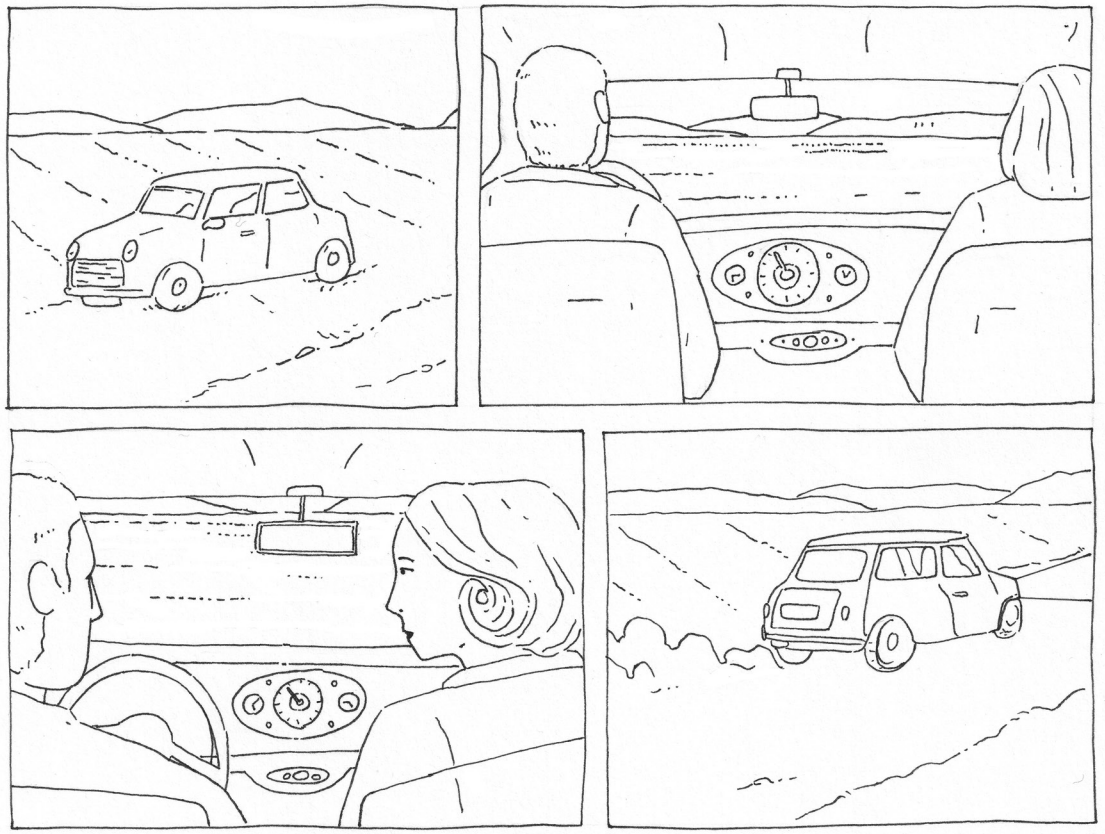

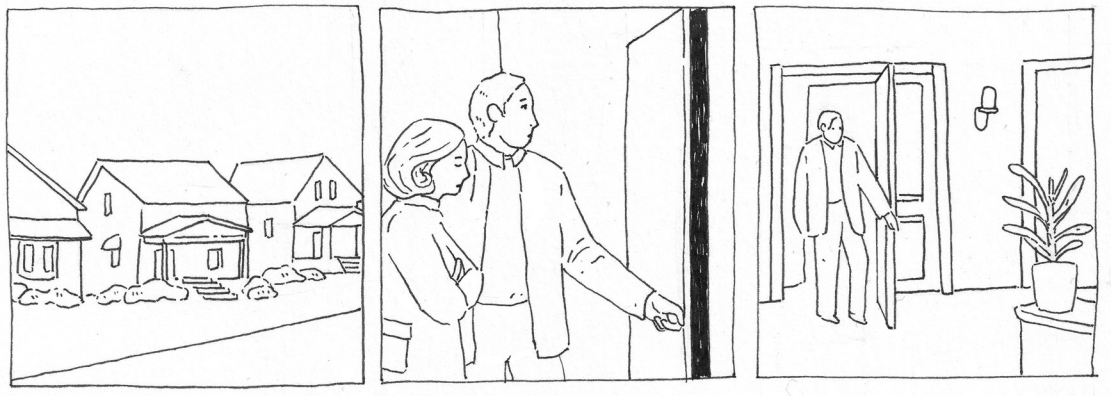

Nie do końca jednak pamiętali, co dokładnie się wydarzyło. Obudzili się niedaleko od trasy, a ich wspomnienia były bardzo mgliste.

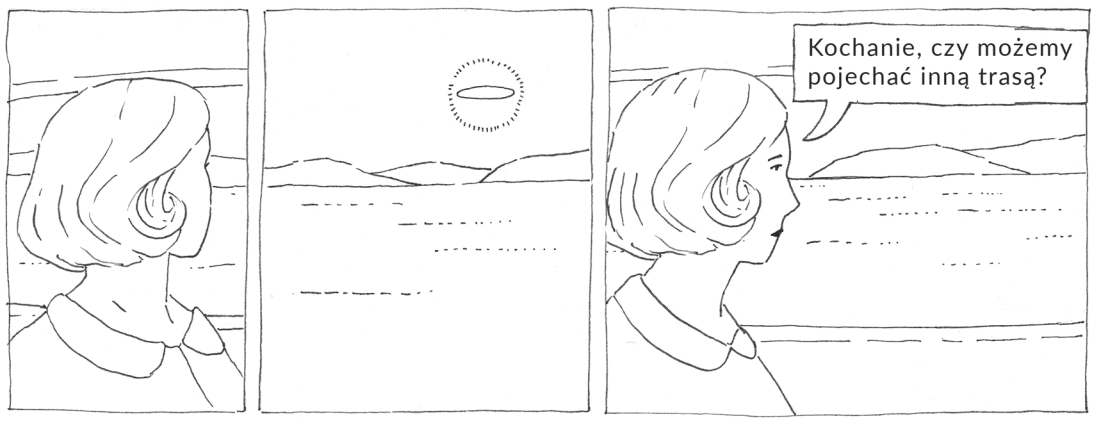

Po powrocie do domu zauważyli, że dotarli aż o 5 godzin później niż planowali.

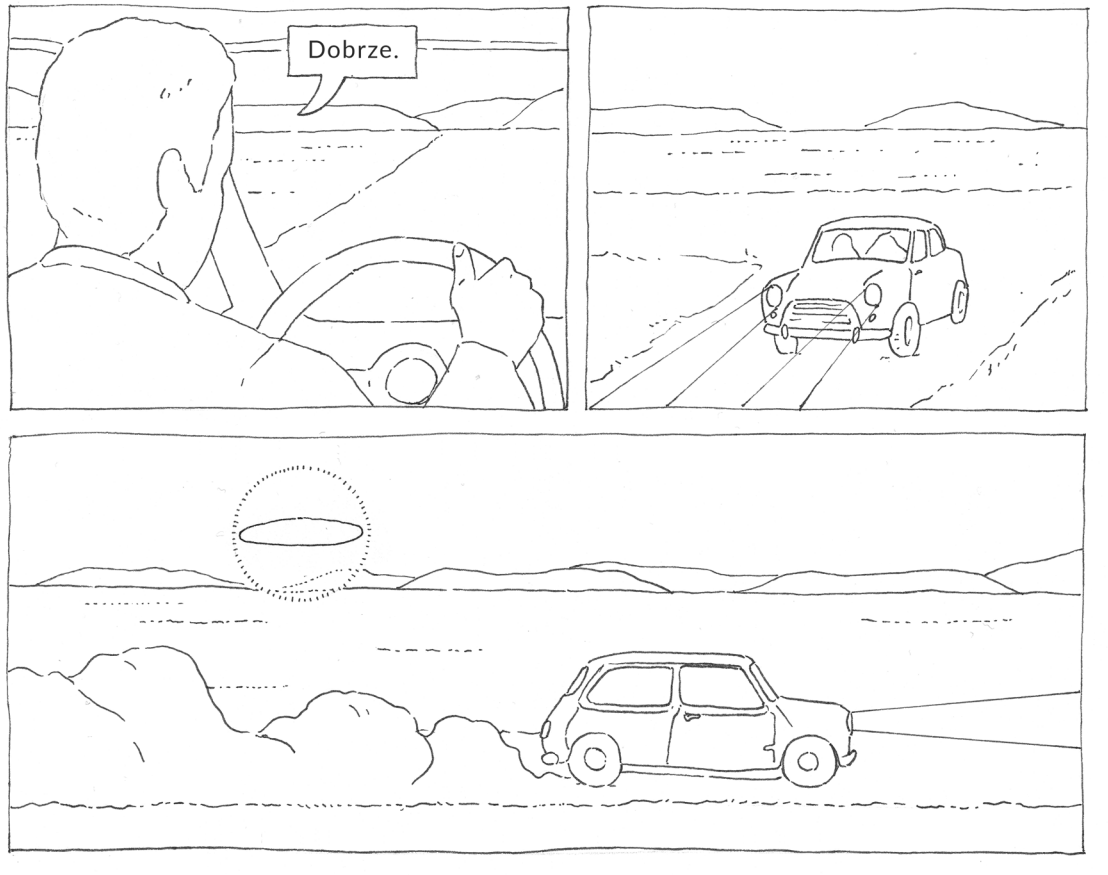

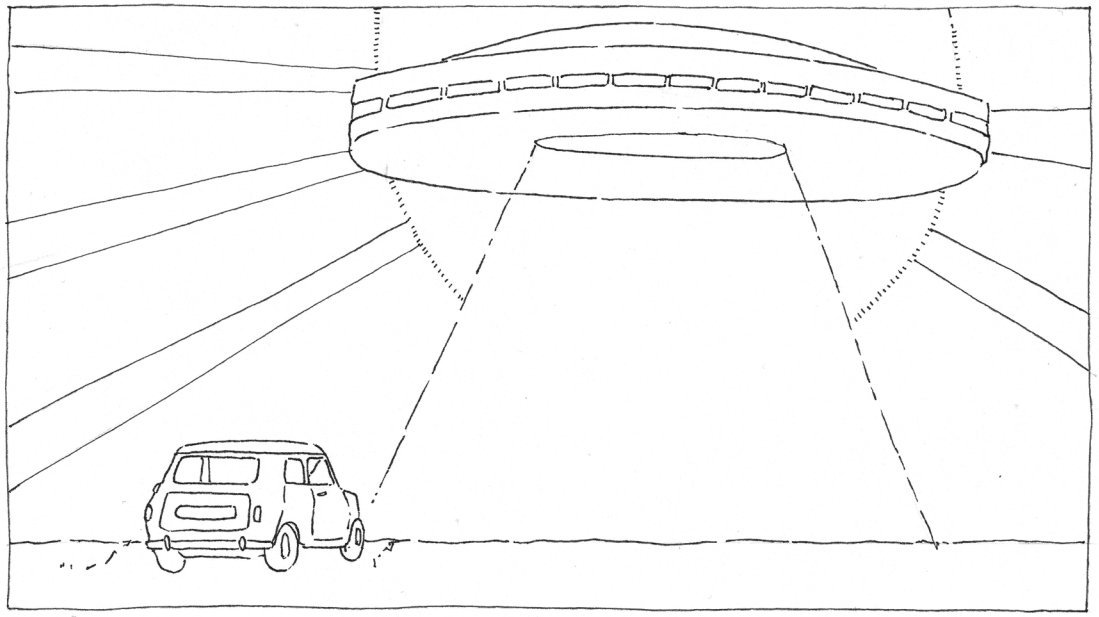

Barney i Betty postanowili w końcu skorzystać z pomocy lekarza. Jego zdaniem cierpieli na amnezję. Zaproponował im w celu wyleczenia jej hipnozę.

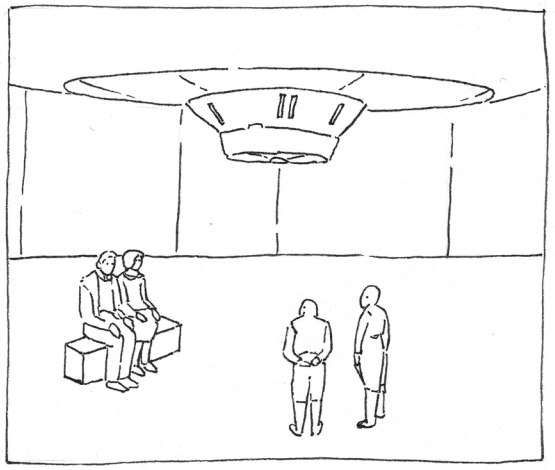

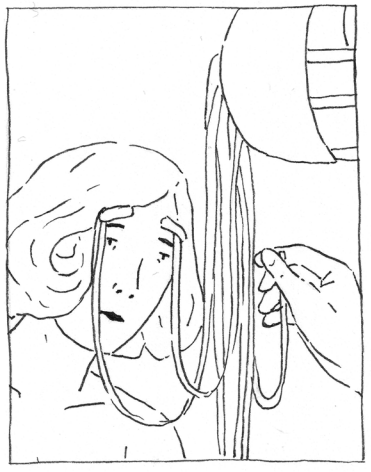

To co spotkało ich było naprawdę dziwne.

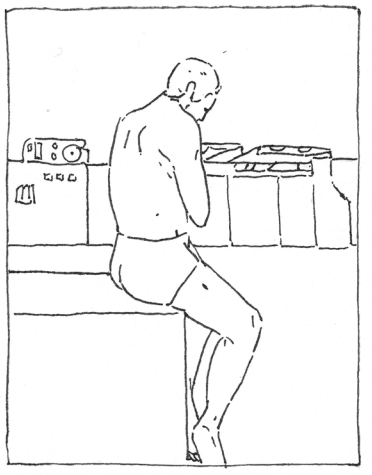

Obcy poinformowali ich na wstępie, że chcą jedynie wykonać badania, bez wyrządzania im jakiejkolwiekk krzywdy.

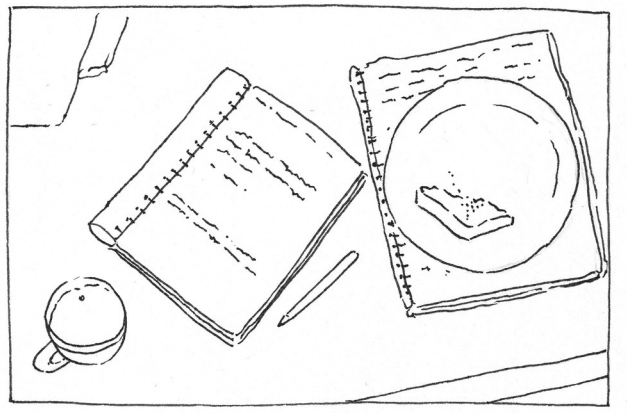

Co ciekawe, Betty przypomniała sobie nawet, że jeden z obcych pokazał jej mapę ich szlaku handlowego. Narysowaną mapę przeanalizowała później pewna astronom amator. Udało jej się znaleźć system w naszej galaktyce, który faktycznie odpowiadał rysunkowi.

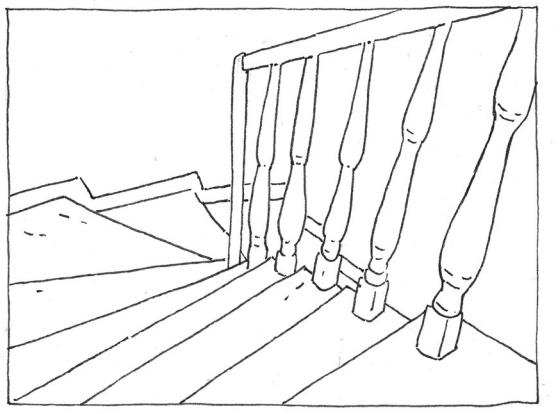

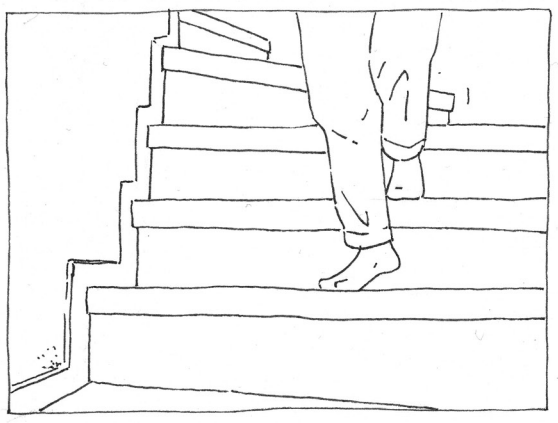

Tego dnia chyba wyjątkowo się zamyśliłam, a miałam jeszcze dużo spraw do załatwienia.

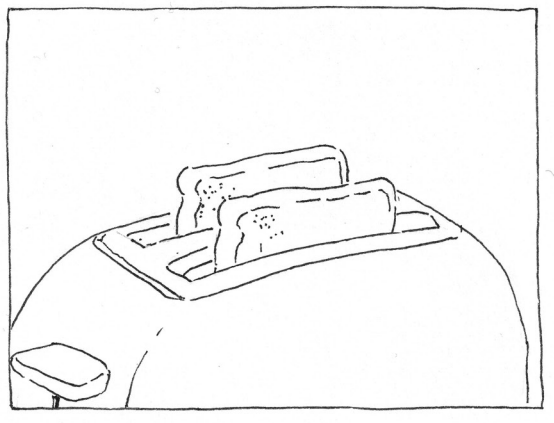

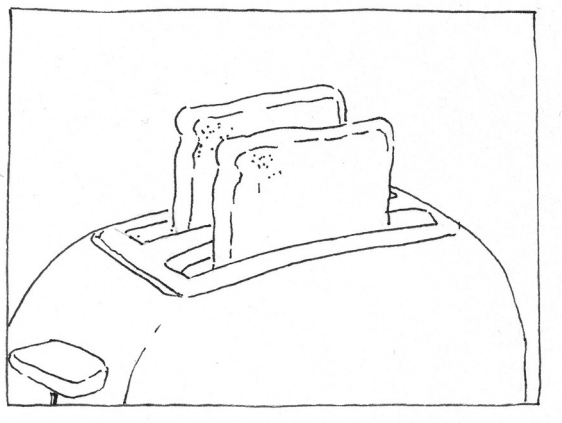

Wydawało mi się, że jest późno, więc postanowiłam zrobić sobie przerwę na tosta.

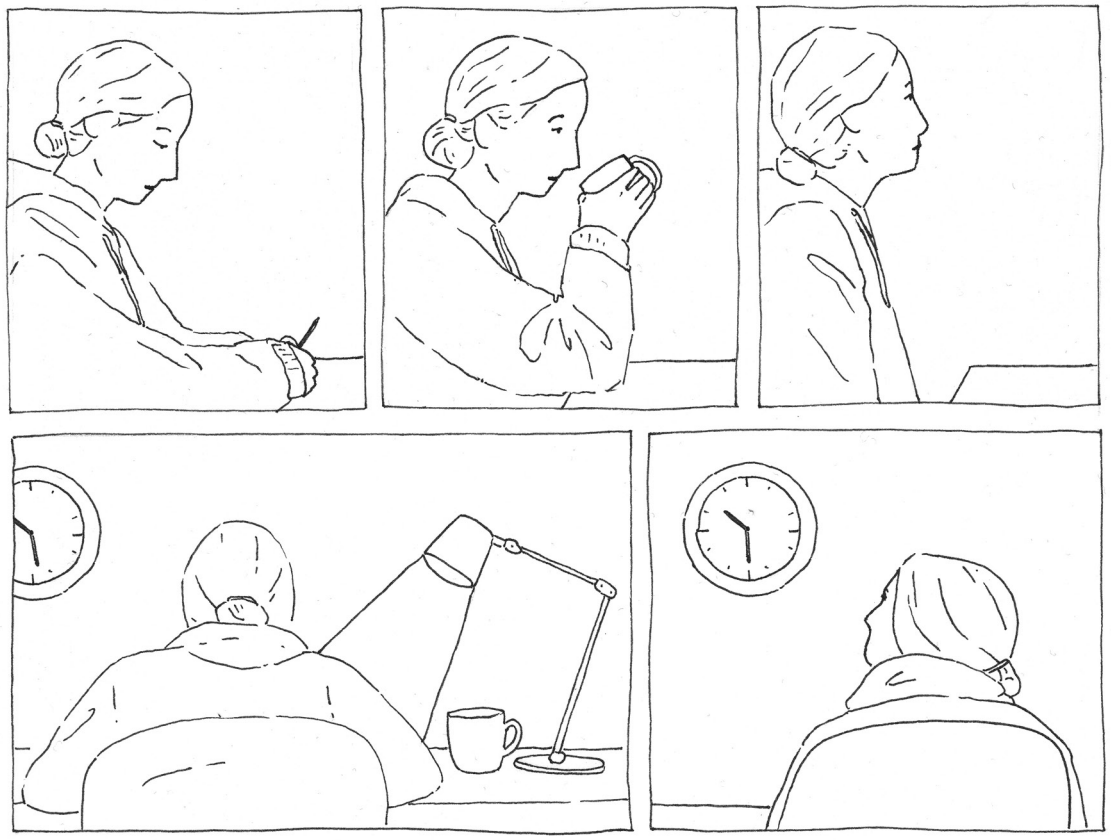

Cały czas jednak towarzyszyło mi bardzo niepokojące uczucie.

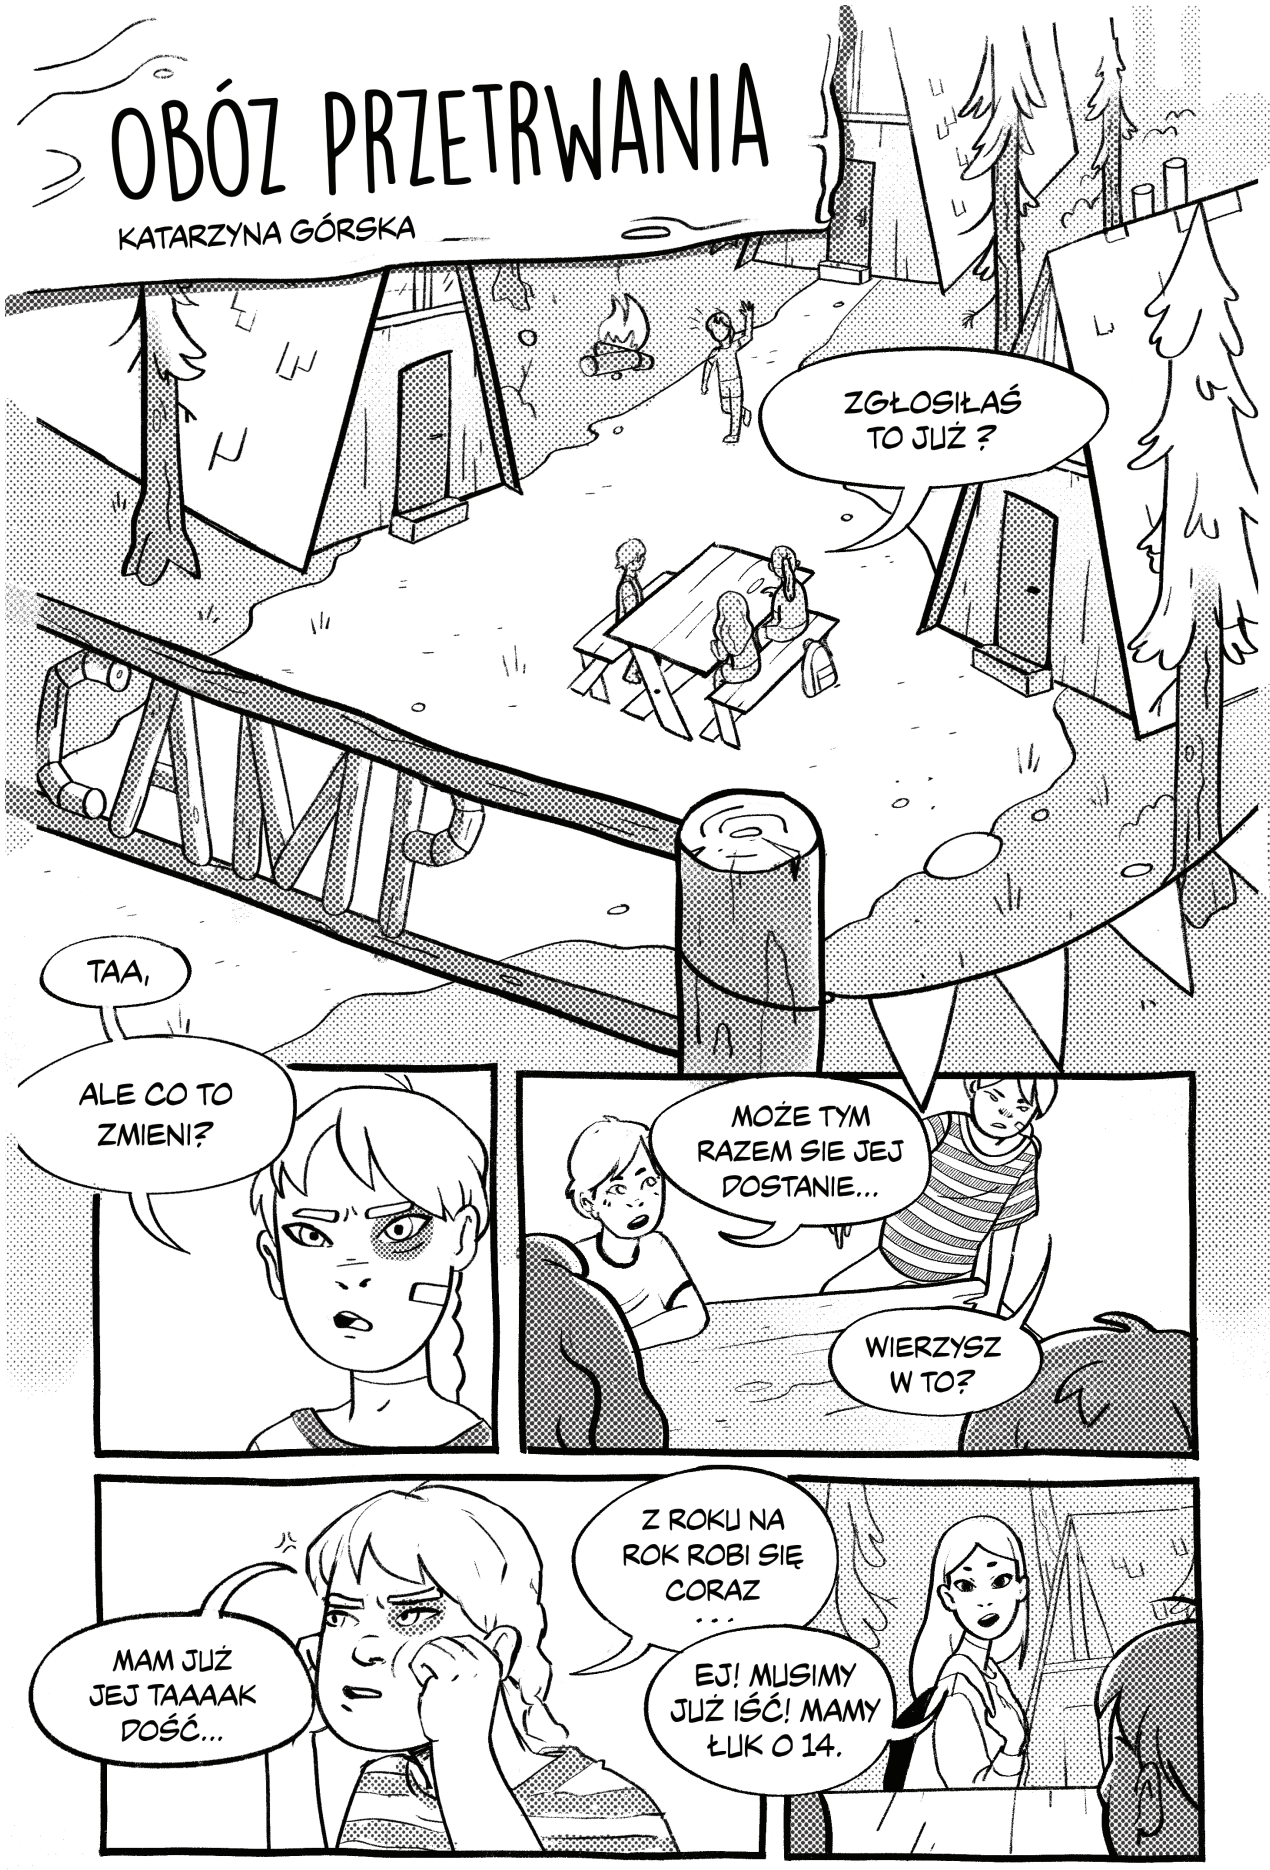

Być może tylko straciłam rachubę czasu.
